Subject: State and Tribal Reps to IGTT

I have called all the tribal reps and all of the state leads (and most of the state reps). See the attachment for the list of attendees.

Two issues:
ADEC wanted to send the 2 people listed and Lyn Kent the Deputy Commissioner. I asked them to limit themselves to the 2 technical people. I said the topic is all science, no legal, policy or regulation discussions and her presence might lead to other Deputy Commissioners coming and I had asked all the Tribes to send only their reps even though Village Administrators have asked to attend. That led to an internal discussion in ADEC about who should attend under those conditions. It has not been concluded but my contact, Michelle Bonnet said it may not be the two listed people and she will know on Tuesday but we should send her the letters and information.

ADL in the attachment is Alaska Department of Law which wants to send Ruth Hamilton Heese. I used all the above arguments to no avail. My contact in this case is Sharmon Stambaugh who is the State's overall coordinator for Pebble and makes sure the state has all the people they need at meetings to ensure the state is coordinated. She said Ruth HH has come to all the Pebble meetings with the resource agencies and her job is to keep abreast of the Science issues.

Suggestions welcome.
